Overview

Exterro was founded with the simple vision that applying the concepts of process optimization and data science to how companies manage digital information and respond to litigation would drive more successful outcomes at a lower cost. We remain committed to this vision today. We deliver a fully integrated Legal GRC platform that enables our clients to address their privacy, regulatory, compliance, digital forensics, and litigation risks more effectively and at lower costs. We provide software solutions that help some of the world's largest organizations, law enforcement and government agencies work smarter, more efficiently, and support the Rule of Law.

About FTK Central

FTK Central is a one-stop, web-based solution assisting you with eDiscovery and Digital Forensic challenges. Right from identifying and collecting data from various data sources to reviewing and evaluating the evidentiary value of data, FTK Central provides an integrated approach to aid law enforcement officials, corporate security, and IT professionals.
